From the Desk of Rep. Denson

Dear Neighbor,

Happy Fall, Ohio! As we enter this new season, I hope you and your family stay safe, healthy, and warm.

If you haven't yet, now is the perfect time to schedule a flu shot! Visit <https://www.vaccines.gov/find-vaccines/> to find a vaccine provider near you. It's important to stay up to date on your shots to keep you, your family, and your community healthy.

This October is National Work and Family Month. No matter who you are or where you live, I know how important it is to ensure everyone has the opportunity to have a good paying job that will support you and your family. I'm proud to support legislation that will make Ohio's economy work for working families.

We are just weeks away from the November 7th election where Ohioans will vote on issues that will redefine our future. Have a plan to vote on or before Election Day! If you have any questions on where to vote or what ID you need, check out the website: <https://ohiovoterguide.org/>

I am proud to be your state representative. Please do not hesitate to contact my office with any questions, comments or concerns.

Sincerely,

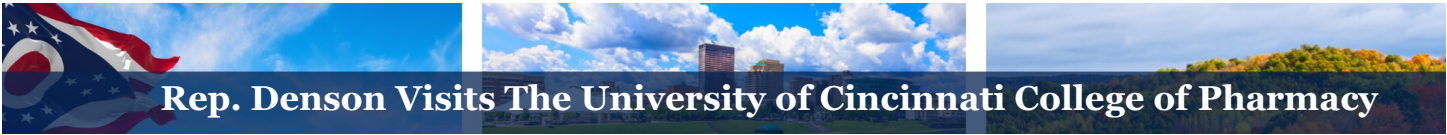

District Spotlight

Rep. Denson recently had an exciting ride along with MetroNow, where he had the privilege of hearing from CEO Darryl Haley. MetroNow plays a crucial role in Cincinnati by providing essential transportation services, especially for those who need them the most. It's a game-changer for our community, enhancing accessibility for all residents.

MetroNow! stands out as Metro's latest endeavor, focusing on mobility on demand. It employs smaller vehicles to provide essential services to communities and neighborhoods that may not have the population density or infrastructure to support traditional 40-ft. fixed-route Metro buses. It's a groundbreaking solution to enhance accessibility for all residents. Booking a MetroNow! ride is incredibly user-friendly. You can easily access this service through the MetroNow! On Demand mobile app or by making a simple phone call.

Rep. Denson is thrilled to encourage all members of the district to explore the possibilities of MetroNow! and experience firsthand how this innovative service is transforming the way we move within our communities.

Rep. Denson Visits The University of Cincinnati College of Pharmacy

October has truly been an exciting month in District 26! Rep. Denson had the honor of visiting the University of Cincinnati College of Pharmacy, where he explored its impressive facilities, accompanied by Associate Dean Mike Doherty. After touring the Rep. also had the opportunity to engage with graduate students. He shared insights on the significance of state government, emphasizing the crucial role it plays

in our lives and communities. Overall, Rep. Denson's time at the University of Cincinnati was filled with enlightening experiences and meaningful conversations and he looks forward to visiting many more of the great educational institutions located here in District 26 in the near future!

House Democrats Remind Constituents of the November 7th Election

Every Ohioan deserves the freedom to make their own healthcare decisions. The fight to protect women's freedom to control their own bodies isn't over. I will not stop fighting until this dangerous law that bans abortions before most women even know they are pregnant is overturned once and for all.

As Americans, we all know people should have the fundamental freedom to make decisions about their bodies and health care. Women should make their own healthcare decisions, not partisan politicians. Respecting families starts by respecting a woman's freedom to have a child if and when she wants to.

I will continue to protect women's freedom to access the healthcare they need, including abortion.
